LA News Coverage

Congressman Ted Lieu - Welcomes participants

Tutorials by tech leaders

Small business leaders fill LA Clippers court

“Critical” for our local businesses, especially those grappling with the aftermath of the fires. It wasn’t just about AI; it was about equipping them with the broader technological understanding needed to flourish.

- Judy Matthews, President of the Altadena Chamber of Commerce

*Clear, practical examples that “demystified AI,”
turning it from a “hindrance” into a valuable “resource.”*

- Phlunte Riddle, a community advocate

“I could never have imagined how much we would learn. The presenters made it so easy to understand how free and accessible AI tools could help rebuild my business.”

- Christina Reagan, a summit attendee
